Information pecifications furnished on application. Encontaining proposals to be marked "Prose for Horses," addressed Lt. Col. D. D. ELER, Deputy Q. M. General.

## MAINTENANCE OF RATES

INCREASE IN EARNINGS IN 1900 OVER ANY PRECEDING YEAR.

Operations of the Vandalia Under Receiver Malott-Vanderbilts Win in C., J. & M. Litigation.

From returns of 181 railroad companies, covering 163,214 miles of road, the gain in gross earnings of the entire mileage of the roads in the United States for 1900 was in round numbers \$125,000,000. The increase for 1899 was \$140,000,000, for 1898 \$90,000,000 and for 1897 \$75,000,000. This is an estimated increase in gross earnings in four years of \$430,000,000. The total gross earnings of the 181 roads for 1900 were \$1,298,000,000, which was a gain by the same roads of \$99,500,000 over the preceding year. This gain is not due to increased crop movement, since grain receipts for 1990 showed a marked shrinkage. It is due to increased tonnage in miscellaneous freights and to the fact that in 1900 better rates were realized than in either of the years for which gross earnings are given above.

#### Vandalia Affairs.

The report of Volney T. Malott, receiver of the Terre Haute & Indianapolis Railroad Company, for the month of December, 1900, filed in the United States Court,

Cash on hand Nov. 30, 1900 ..... \$530,354.9 Receipts during December ..... 837,568.67 

Cash on hand Dec. 31, 1900..... \$469,680.73 Receipts Nov. 14, 1896, to Dec. 

Dec. 31, 1900 ...... 37,284.198.00 The settlements made by the receiver of matters growing out of the operation of the properties prior to the receivership up erty; lowest rates; to Dec. 31, 1900, have been:

> Receipts account "prior" busi-business ...... 1,681,316.21 Excess disbursements settling up

prior business ...... \$831,971.23

The result to the Terre Haute & Indianapolis Railroad Company of the operations for the month of December, after charging up expenses, the month's proportion of the taxes, the interest on the company's bonds and the rentals of leased lines was: Profit operating T. H. & I. R. R. ....\$38,078.65 

Net profit accruing to T. H. & I. R. R. Co. for month ......\$44,185.11

#### Big Four Earnings.

The Big Four lines proper earned in the first week of February \$295,367.13, a decrease as compared with the corresponding week of 1900 of \$11,977.08. The falling off is entirely in freight earnings, passenger earnings being ahead of the corresponding week of 1900. The only cars the Big Four now gets from the East are those loaded; fortunately, west-bound business is improving, and this will in some measure relieve the situation. To-day the Big Four will begin to receive thirty new cars per day on a contract with the American Car and Foundry Company for 2,000 box cars. These cars are being built at the car works at Madison, Ill. The Peoria & Eastern earned in the first week of February \$48,847.31, a decrease as compared with the corresponding week of 1900 of \$460.53. Like the Big Four proper, the car shortage is curtailing its business

Personal, Local and General Notes. A. B. Raymer has been appointed assistant engineer of the Pittsburg & Lake Erie,

H. M. Bronson, assistant general pas-senger agent of the Big Four, left, last evening, for Buffalo.

Harry Miller, superintendent of the Van-dalia lines, left yesterday for the East, to be absent several days. The shops of the Pennsylvania Company

at Fort Wayne are building for the Grand Rapids & Indiana road 100 gondola cars, 80,000 pounds capacity. Judge Field, general solicitor of the Monon, was in the city yesterday. He has

been quite ill for several days, and returned to Chicago on the evening train. C. C. Haines, district passenger agent of the Pennsylvania, with office at Dayton, O., and Harry Mantz, traveling passenger

agent of the Chicago & Rock Island, are in C. E. Schaff, general manager of the Big Four lines, is arranging his affairs to start. with his family, on April 1, on a European tour. L. G. Russell, surgeon of the Big

Four, will accompany them. The Haskell & Barber car works, at Michigan City, last week placed an order in the State of Washington for 300,000 feet of timber, to be used in car sills, the shipment to be made at once over the Great

Northern. Although officials of both the Cincinnati. Hamilton & Dayton and of the Southern Railway deny that a deal is pending by which the latter will secure control of the C., H. & D., the persistency with which the report is given out creates comment.

John Nolan has been employed continuously in the shops of the Pennsylvania Company, at Fort Wayne, for forty-seven years, being the oldest in time of service on the shop pay rolls, and this week lost his first day in that period, owing to an attack of grip.

E. A. Gould, superintendent of the eastern division of the Wabash lines, has posted a bulletin asking the employes of the road to be prompt in reporting creditable work and acts of their associates, that the company may give proper recognition of such good service.

A. S. Kent, chief engineer of the Monon lines, was in the city yesterday looking after the work of increasing the company's side tracks at Indianapolis. He said the company had purchased, recently, from the Illinois steel mill 5,000 tons of new steel rail, 75 pounds to the yard.

F. E. Mitchell has been appointed assistant treasurer and cashier of the Chicago, Rock Island & Pacific at Topeka, Kan., vice P. F. Webster, who goes to Chicago into the paymaster's office. Snideman has been appointed traveling auditor, vice Mr. Webster, promoted. Train 19 on the Panhandle, consisting of seven cars, made a great run on Sunday between Pittsburg and Columbus, covering stretches of twelve and fourteen miles in that number of minutes, and one of six

onds. One mile was covered in forty-eight seconds. The fiftieth annual meeting of the stock-holders of the Philadelphia & Erie road, a Pennsylvania line, was held on Tuesday The report of President Shortridge showed a net income, after meeting all liabilities for the year 1900 of \$741,369.30. The road earned, in 1900, \$5,824,626, an increase over

miles at a speed of a mile in fifty-five sec-

1899 of \$476.597. William Garstang, superintendent of mo-tive power of the Big Four lines, yesterday received notice from Barney, Smith & Co. that twelve new coaches, four parlor cars and four combination cars are about completed, and will be ready for delivery th first week in March. The company will duplicate the order except for four combi-

The year 1900 was a prosperous one with the Order of Railway Conductors. At the close of the year 1899 the order had 388 subordinate divisions and 21,960 members; on Jan. 1, this year, there were 407 subordinate divisions, with 24,644 members. During the two years the benefit department of the association paid insurance claims aggre-gating \$1,025,000.

The recently received heavy ten-wheel

passenger engines of the Monon are in

service between Monon and Chicago, haul-

ing in each direction twelve to fourteen cars. Trains of the Monon main line and of this river pollution. The people of Indiana the Indianapolis division are hauled in one train between Monon and Chicago, These engines are guaranteed to haul fourteen cars at a speed of fifty miles and hour. While the Vanderbilts and Cincinnat Northern have wea in the legal struggle for control of the Cincinnati, Jackson & Mackinaw road, the injunction to prevent the sale of the road under the reorganiza-tion plan having been dissolved, it is stated that General Thomas, who is not acting for himself alone, will continue the legal fight. General Thomas insists that the Van-

derbilts shall take their hands off the prop-erty and keep them off; but the Vanderbilts are not accustomed to taking orders that way, and may be expected to loosen their grip on the property when their hands are forced by legal means. When General Thomas was displaced as president plans had been formulated to reorganize the company and make it an important factor in the railway situation of Ohio and Michigan.

### ASSOCIATION AFFAIRS.

Mr. Watkins Returns from Louisville and Reports Results.

President Watkins, of the Indianapolis club, returned from Louisville last night. He-reported that he held a conference with Col. I. S. Whitesides, of the Louisville American Association club, and Mr. Whitesides and his brother will own the congentlemen may locate the park on a new site and not use the old National League Fark, but this matter has not been fully whether or not he signed Maurice Powers, the catcher, for this season. Mr. Watkins received word yesterday that President Power, of the American As-

### Stream Pollution.

To the Editor of the Indianapolis Journal: Mr. W. T. Dennis says the refuse from strawboard mills is not poisonous. Neither is a dead horse, cow or dog; but who is allowed to dump dead animals in our streams? A steady current, indeed! What a bright idea! The gordian knot is in real danger of severance. The real knot is the enormous profits Mr. Dennis mentions, and that, too, after losing two-thirds of the raw material which is dumped in the this wasted two-thirds and have the owners of the mills use this surplus to construct a separate waterway of their own. The gist of the whole matter is this: The enormous profits from these polluting concerns enable them to defy the law and keep right on with their dirty work in open defiance of laws made with special regard to are tired of this shilly-shallying policy making a terrible fuss over worm holes with the bung clean out. We have all the law we need. A long-felt want is a man who will enforce it. That steady-current idea is the thinnest excuse yet invented What about the dams and deep pools every few hundred feet? Aside from lime, how much acid is used? W. F. JONES.

Coburn Coal Company sells the best Coal

Marion, Ind., Feb. 11.

SAFETY BOARD NOW AWAITING THE CITY ATTORNEY'S OPINION.

Joseph L. Gasper Reiterates Statements About Cost of Repairing the System.

Chairman Hyde, of the Board of Safety, announced last evening that there were no new developments in the contract to be made with the Gamewell Company for the new fire alarm system to be installed trolling interest in the club. The Louisville in Indianapolis. He said the matter was now in the hands of Deputy City Attorney Bell, who will render a legal opinion on it before the contract is signed. Mr. Hyde decided. President Watkins would not state | will not state just what concessions have been granted by the Gamewell Company other than to say the cost of the entire system will be within the appropriation of sociation, will be in the city to-day to talk | \$65,000 made by the Council. He said there baseball with him. The Indianapolis magwere a few matters to settle before the

contract is made public. could be made as good as new-for \$15,000 and would answer the purposes of an entirely new system. Mr. Gasper denies that The Butler girls' basket ball team has there is an old grudge existing between canceled its game with the I. H. S. girls' him and Webb Chandlee, agent for the team scheduled for to-morrow night at the Y. W. C. A. gymnasium and the Y. W. C. A. gym Y. W. C. A. gymnasium, and the Y. W. C. quite freely on the subject last night. He said that one man in the employ of the city recently told him that the system could be made as good as new for \$15,000, but he could not make recommendations to that effect, as his hands were tied by his superiors. He does not understand purchasing such a plant, as he says the system could be purchased for much less if the city officials desired to do so. He claimed that John G. Pendergast and F. L. Dougherty, both ex-fire chiefs, would corroborate his statements if the board is

New Albany vs. the City of New Albany. Clark C. C. Appellant's petition for rehearing and brief on petition (8).

19461. Lewis C. Stewart vs. Ida M. Stewart. anxious for information.

Mr. Hyde claims the general public does not realize just what the Board of Safety s contemplating purchasing, and he claims f the people could see the specifications and plans of the new system there would be no insinuations that it could be purchased for such a small sum as has been stated. Other men say that the bid of the Gamewell Company was made so large originally in order to "bluff" the people, as t was understood that "concessions" would be made by the company so as to bring the cost down to about \$4,000 less than the original bid and still leave a large surplus over what the system could be put in for. The matter has not been fully settled and there may be some hitch in the plans when the criticisms of the public are considered by the Board of Safety.

DELEGATION BEFORE BOARD.

Property Owners for and Against

Michigan-Street Improvement. The proposed change of East Michigan terday and a large delegation of property et al. Knox C. C. Bond. owners was present, some of them to give their reasons for wanting the improvement and others to remonstrate against it. The latter seemed to be in the majority, and the remonstrances were so pronounced that the board decided to take no action in the matter for the present. The proposed plan was to change the route of East Michigan street from Highland avenue to Bird street, cutting diagonally through two squares. This plan of improvement did not meet with favor. Some of the property owners said they signed the petition for the improvement believing the street-railway company would bear the expense, but when they learned that they would be assessed to pay the damages to the property that would be cut up for the street they entered a vigorous protest. Woodruff Place residents said they were in favor of the improvement and would be willing to pay a fair assessment. A meeting of the residents of that place will be called to determine what benefits should be assessed against the property owners benefited in Woodruff Place. Other plans were discussed and the board will have them prepared by the city engineer, after which the property owners most interested in the improvement will be invited to inspect the plans. Nothing will be done in the matter,

### however, for the present.

GOVERNMENT'S REPLY.

To Secure Alcohol Cheaply a Bond for \$30,000 Must Be Given. In the last annual report prepared by Superintendent Spencer, of the City Hospital, he said negotiations were on with the government to secure alcohol for the hospital without having to pay the revenue tax of \$2 a gallon, which would mean a large saving to the city. Yesterday Superintendent Spencer received word that he would have to file a bond of \$30,000 in order to get such a concession, and then he would only be allowed to use the alcohol Deweys. 1st. 2d. 3d. ### GRAND JURY REPORT.

street to Mechanic street.

It May Touch on Policy Playing-Other Court Matters.

The grand jury will make its final report for the February session to Judge Alford, of the Criminal Court, this morning. It is understood that a large number of indictments will be returned and that agents for policy playing will receive considerable attention. Yesterday afternoon Ollie Lanham and Ed Ford, the recognized competitors of William Kissel, commonly known as the "Policy King." were before the grand jury for a long time. The agents of Lanham and Ford have been arrested to the number of twenty-five in the last few days by the police, while it is said Kissel's agents have been unharmed. The fight between the two policy firms is said to have engendered a bitter feeling, Lanham and Ford contending that Kissel is responsible for the arrests of their agents, and they gave information to the grand jury to get

### High Court Decisions.

The Appellate Court yesterday affirmed a lower court decision which gave Paul H. Muelier, of Hammond, a judgment against Lewis Heintz for money Mueller invested in the Crystal Rock Salt Mining Company, of which Heintz was the head. Heintz helped organize the company and assured Mueller that the company had 600 acres of salt in Kansas that could be scooped into induced Mueller to buy 350 shares at half price and represented that in a short time he would earn enough money off of his investment to build the finest house in Hammond. After investigating Mueller found there was no such salt field and that ne railroad was near the land he bought. The court gave him judgment against Heintz. Amanda McKinley, of Evansville, bought

a clock of an agent of the American Wring-

er Company on the installment plan, agree-

ing to pay 25 cents a month. The agent

called for a payment before it was due and when the woman refused to pay forcibly took the clock, but not until he had kicked and beaten Mrs. McKinley. She sued the company for damages and the court gave her \$600. The judgment was affirmed by the Appellate Court. An appeal was filed in the Supreme Court suit of residents of Bourbon, Ind., to enjoin the town from acquiring the electric light plant and water works system and assuming the responsibility of a mortgage members of the Legislature. It certainly tached to it, indicating that the real confor the expense of building them and other removes the office further from political in-sideration or value of the plant was \$40,000.

is in debt almost to the constitutional limit.

PETITION OF BANKRUPT FOR HIS DISCHARGE. In the matter of G. Edward Fuller, bank-

District of Indiana, ss: On this 5th day of February, A. D. 1901, or reading the petition of the bankrupt for his discharge, it is ordered by the court, that a hearing be had upon the same on the 28th day of February, A. D. 1901, before said court, at Indianapolis, in said district, at 9 o'clock the forenoon, and that notice thereof be put lished twice in the Indianapolis Journal, a news raper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any there be, why the prayer said petitioner should not be granted And it is further ordered by the court, tha the clerk shall send by mail to all known cred itors copies of said petition and this order, ad

dressed to them at their places of residence at stated. Witness, the Honorable John H. Baker, Judge of said court, and the seal thereof, at Indianapolis, in said district, on the 5th day ruary, A. D. 1901. [Seal.] NOBLE C. BUTLER,

fluence than at present, which is, withou goubt, a move in the right direction, and will very probably result in a higher standard for this office. I think the bill, although an excellent one, is not quite fair to the average larger towns or cities of the State. For exam ple, we have in Miami county a School Board at Converse employing six teachers, one at Amboy employing five teachers, and one at Bunker Hill employing four teachers, while at Peru the board employs forty-two teachers. Now, is it fair to Peru and other towns employing about the same number of teachers to allow the same power to the towns employing four, five or six teachers as to Peru where forty-two are employed? Would it not be a grave injustice to cut Peru off with only one vote when we have seven or eight times the number of teachers and children that the smaller towns have? Would it not be fair to allow the boards one vote, say, for each ten teachers or fraction thereof employed by said board, and no board to have more than three votes, which would he all they could have, of course, since there are only three members on a board? DR. L. O. MALSBURY,
